2016

THE 5th INTERNATIONAL CONFERENCE ON THE
MODERNIZATION OF TRADITIONAL CHINESE MEDICINE

Science and Technology Innovation of Traditional Chinese Medicine and the Big Health Industry

Invitation

Traditional Chinese Medicine (TCM) , an important component of the world's medical science, has made an significant contribution to human health and world civilization for thousands of years. The Chinese government has been working unremittingly to promote inheritance, innovation, and development of Traditional Chinese Medicine. On the successful basis of previous four International Conference on the Modernization of Traditional Chinese Medicine, state authorities including the Ministry of Science and Technology, the National Health and Family Planning Commission, the State Food and Drug Administration, State Administration of Traditional Chinese Medicine, etc. and Sichuan Provincial People's Government decided to hold "The 5th International Conference on the Modernization of Traditional Chinese Medicine" in Chengdu, Sichuan Province during October 24-25 in 2016.

With the theme of "Science and Technology Innovation of Traditional Chinese Medicine and the Big Health Industry", the Conference will hold firmly to medicine tradition and face up the cutting-edge sciences. The inheritance, innovation, development and application of TCM will be discussed from multi-angles for the purpose of building an important platform for international exchanges and cooperation of Traditional Chinese Medicine and bio-medicine. The Organizing Committee warmly invites officials, scholars and entrepreneurs from governments of all countries and regions, international organizations, research institutes, medical institutes, universities and enterprises to come for this grand gathering, to discuss the great course of the development of Traditional Chinese Medicine and jointly accelerate the process of modernization and internationalization of Traditional Chinese Medicine, which will be of great benefit to human health.

The Organizing Committee of the 5th International Conference
on the Modernization of Traditional Chinese Medicine

2016

THE 5th INTERNATIONAL CONFERENCE ON THE
MODERNIZATION OF TRADITIONAL CHINESE MEDICINE

Science and Technology Innovation of Traditional Chinese Medicine and the Big Health Industry

I. Conference Organization

Chairmen:

Leaders from Ministry of Science and Technology, Sichuan Provincial People's Government

The Organizing Committee:

The Organizing Committee is composed of relevant leaders from the host departments with a general office.

The Academic Committee:

Chairmen from the Chinese side:

Zhang Boli Academician, Chinese Academy of Engineering
President, China Academy of Chinese Medical Sciences
President, Tianjin University of Traditional Chinese Medicine
Chen Kaixian Academician, Chinese Academy of Sciences
Chairman, Shanghai Association for Science and Technology

Chairman from the foreign side:

Well-known international experts in traditional medicine(to be determined)

Vice Chairman:

Members:

Secretaries-General:

Huang Luqi Academician, Chinese Academy of Engineering
Executive Vice-president, China Academy of Chinese Medical Sciences
Peng Cheng Vice President and Professor, Chengdu University of TCM

For more information, please visit the official website of the Conference: www.icetcm.org.cn

II. Theme

Science and Technology Innovation of Traditional Chinese Medicine and the Big Health Industry

III. Contents of the Conference

(i) Plenary Lecture

Lectures and speeches are to be delivered by officials in charge of Traditional Chinese Medicine and traditional medicine, famous scholars and entrepreneurs at home and abroad.

(ii) Panel Meetings

Panel 1 Government Forum

Contents:

1. International and the Belt and Road (science and technology) cooperation of TCM;
2. System building on TCM international standards;
3. Laws and regulations coordination on Chinese pharmacy registration.

Organizers:

Department of S&T for Social Development, Ministry of Science and Technology
Department of International Cooperation, Ministry of Science and Technology
Department of International Cooperation, State Administration of Traditional Chinese Medicine
Department of Science, Technology and Standards, China Food and Drug Administration
Protection and Coordination Department, State Intellectual Property Office
Science and Technology Department of Sichuan Province
Administration of Traditional Chinese Medicine of Sichuan

Panel 2 Inheritance, Innovation and Application of TCM Theories

Contents:

1. Research and application of the theory of Cang Xiang, Qi and blood;
2. Objectivity and standardization of four diagnostic syndrome in TCM;
3. Research on theories and application of TCM principles, therapies and prescription;
4. Inheritance and application of TCM classics;
5. TCM property theories and application;
6. TCM and modern biotechnology.

Chairmen:

Wu Yiling Academician, Chinese Academy of Engineering
President, Hebei Academy of Integrated Traditional Chinese and Western Medicine
Ma Yuerong Secretary of CPC Committee and Professor, Chengdu University of TCM

第五届中医药现代化国际科技大会

—— 中医药科技创新与大健康产业 ——

2016

THE 5th INTERNATIONAL CONFERENCE ON THE
MODERNIZATION OF TRADITIONAL CHINESE MEDICINE

Science and Technology Innovation of Traditional Chinese Medicine and the Big Health Industry

Gerd Ohmstede Chairman, the German Association of Acupuncture and Traditional Chinese Medicine (AGTCM)

Organizers:

Chengdu University of TCM

Hebei Academy of Integrated Traditional Chinese and Western Medicine

The German Association of Acupuncture and Traditional Chinese Medicine (AGTCM)

Panel 3 Sustainable Development of Chinese Materia Medica Resources

Contents:

1. National survey and dynamic monitoring of Chinese Materia Medica resources;
2. Genuine medicinal materials and multidimensional evaluation;
3. Sustainable utilization of Chinese Materia Medica resources and targeted poverty-alleviation.

Chairmen:

Liu Changxiao Academician, Chinese Academy of Engineering

Honorary President, the Tianjin Institute of Pharmaceutical Research (TIPR)

Huang Luqi Academician, Chinese Academy of Engineering

Executive Vice-president, China Academy of Chinese Medical Sciences

Peng Cheng Vice President and Professor, Chengdu University of TCM

Bruce Milthorpe Dean and Professor, Institute of Science and Technology, University of Technology, Sydney

Organizers:

TCM Resource Center, China Academy of Chinese Medical Sciences

Chengdu University of TCM

Specialty Committee of Multidimensional Evaluation on Genuine Medicinal Materials, World Federation of Chinese Medicine Societies

Panel 4 Quality Assurance and Improvement of Chinese Materia Medica

Contents:

1. Testing, analytic methods and technology of Chinese Materia Medica quality;
2. Standards and improvement of Chinese Materia Medica quality;
3. Safety and quality traceability of Chinese Materia Medica.

Chairmen:

Chen Shilin Chief, Institute of Chinese Materia Medica, China Academy of Chinese Medical Sciences

Director, Traditional Medical Cooperation Center, World Health Organization

Hakamatsuka Takashi Chief, National Institute of Health Sciences, Ministry of Health, Labour, and Welfare, Japan

Wang Yitao Dean, Institute of Chinese Medical Sciences, University of Macau

Organizers:

Institute of Chinese Materia Medica, China Academy of Chinese Medical Sciences

University of Macau

Sichuan Academy of Chinese Medicine Sciences

Panel 5 Innovation of TCM New Drugs and Re-development of Major TCM Varieties

Contents:

1. New idea, new strategy and development for the innovation of TCM new drugs;
2. Application of new technology in research and development of TCM new drugs;
3. Research and application of key technology in research and development of TCM new drugs;
4. Re-development technology and evaluation system of major TCM varieties;
5. Development and industrialization of TCM new drugs;
6. Development of classical prescriptions.

Chairmen:

Gao Xiumei Executive Vice President, Tianjin University of Traditional Chinese Medicine

Director, Collaborative Innovation Center of Modern Chinese Medicine

Zhao Junning President and Researcher, Sichuan Academy of Chinese Medicine Sciences

Frederick Valeriote Professor, Cancer Research Center, Henry Ford Hospital, USA

Organizers:

Tianjin University of Traditional Chinese Medicine

Sichuan Academy of Chinese Medicine Sciences

Panel 6: Theories Inheritance and Effect Improvement of Acupuncture and Moxibustion

Contents:

1. Heritage and development on theories of acupuncture and moxibustion;
2. Research on acupuncture effect;
3. Clinical research and evidence-based evaluation on acupuncture;
4. Research and development of acupuncture diagnosis and treatment instrument;
5. Achievements transformation and industrialization of acupuncture and moxibustion;
6. Modernization and collaborative innovation on acupuncture and moxibustion;
7. International exchange and cooperation on acupuncture and moxibustion.

2016

THE 5th INTERNATIONAL CONFERENCE ON THE
MODERNIZATION OF TRADITIONAL CHINESE MEDICINE

Science and Technology Innovation of Traditional Chinese Medicine and the Big Health Industry

Chairmen:

Shi Xuemin Academician, Chinese Academy of Engineering

TCM Master

Honorary President, First Teaching Hospital of Tianjin University of Traditional Chinese

Medicine

Liang Fanrong President and Professor, Chengdu University of TCM

Li-Xing LAO Dean and Professor, School of Chinese Medicine, the University of Hong Kong

Organizers:

Chengdu University of TCM

School of Chinese Medicine, the University of Hong Kong

Panel 7 Ethics Review and Clinical Evaluation in TCM Innovation and Development

Contents:

- 1.Characteristics and countermeasures of TCM ethics review;
- 2.System building and certification of TCM ethics review;
- 3.Subject protection and ethics review in TCM clinical research;
4. Evaluation and methodology of TCM clinical effect;
5. Collaborative innovation of TCM clinical research and translational medicine;
- 6.Clinical evaluation of TCM preventing and treating critical diseases.

Chairmen:

Zhang Boli Academician, Chinese Academy of Engineering

President, China Academy of Chinese Medical Sciences

President, Tianjin University of Traditional Chinese Medicine

Marjorie A.Speers Former Chairman, Association for the Accreditation of Human Research
Protection Program, USA

Organizers:

Committee of Ethics Review, World Federation of Chinese Medicine Societies

Committee of clinical Curative Effect Evaluation, World Federation of Chinese Medicine Societies

Administration of Traditional Chinese Medicine of Sichuan

Sichuan Provincial Hospital of TCM

Sichuan Committee of TCM Ethics Review

Panel 8 Development of Health Service Industry of Traditional Chinese Medicine

Contents:

1.Technology of TCM health service;

2.Mode of TCM health service;

3.Environment for the development of TCM health service industry;

4.Development of the big health industry of TCM and case sharing;

5.TCM clinical research (disease preventive treatment of TCM, TCM emergency, diabetes, diabetes
base construction);

6.Start-up opportunities and industrial strategy of sub-health;

7.Culture transmission and scientific popularization of TCM health preservation;

8.Formulization and promotion of TCM health preservation service standard;

9.Discipline construction and talent cultivation of TCM health preservation.

Chairmen:

Chen Kaixian Academician, Chinese Academy of Sciences

Chairman, Shanghai Association for Science and Technology

Ma Lieguang President and Professor, Committee of Health Preservation, World Federation of
Chinese Medicine Societies

Lu Hua President and Researcher, Sichuan Provincial Hospital of TCM

Diana Paun Senior Counselor, Ministry of Health, Romania

Organizers:

Sichuan Provincial Hospital of TCM

Shanghai University of Traditional Chinese Medicine

Sichuan Hospital of Integrated Chinese and Western Medicine

Committee of Health Preservation, World Federation of Chinese Medicine Societies

Panel 9 Internet and Big Data of Traditional Chinese Medicine

Contents:

1.Mobile internet plus TCM cloud-based health;

2.Promotion of industrial transformation and upgrading by Chinese medicine plus internet of things;

3.TCM big data management;

4.Experience sharing of information construction in TCM hospitals;

5.Entrepreneurship case sharing of mobile medical care.

Chairmen:

Liu Baoyan Director, Traditional Chinese Medicine Data Center, China Academy of Chinese Medical
Sciences

Organizers:

Chengdu University of TCM

China Information Association for Traditional Chinese Medicine and Pharmacy

2016

第五届中医药现代化国际科技大会

2016

THE 5th INTERNATIONAL CONFERENCE ON THE
MODERNIZATION OF TRADITIONAL CHINESE MEDICINE

Science and Technology Innovation of Traditional Chinese Medicine and the Big Health Industry

University of Electronic Science and Technology of China (UESTC)
Health and Information Association of Sichuan

Panel 10 Inheritance, Innovation and Development of Chinese Ethnic Medicines

Contents:

1. Research on policies and regulations of Chinese Ethnic Medicines;
2. Research on exploration, collection, protection and inheritance of ancient books (experiences) of Chinese Ethnic Medicines;
3. Forum on typical medicines in the belt and road ethnic areas;
4. Research on Chinese Ethnic Medicines in the big data era;
5. Innovation and development of Chinese Ethnic Medicines enterprises based on cooperation of production, studies and research;
6. International development of enterprises in Chinese Ethnic Medicines.

Chairmen:

- Li Dapeng Academician, Chinese Academy of Engineering
Chairman of the Board, Zhejiang Kanglaite Pharmaceutical Co., Ltd
- Zeng Ming President and Professor, Southwest University for Nationalities
- T.-C.He Director and Professor, Medical Center of Chicago University, USA

Organizers:

Southwest University for Nationalities
China Ethnic Medicine Association (CEMA)

Panel 11 International Collaboration on Clinical Research of TCM Preventing and Treating Critical Diseases

Contents:

1. Research on TCM preventing and treating critical diseases;
2. Progress and achievements show on national TCM clinical base construction;
3. Discussion on the management and research modes of TCM preventing and treating critical diseases;
4. TCM clinical research on preventing and treating critical diseases

Chairmen:

- Li Zhenji Vice Chairman and Secretary-General, World Federation of Chinese Medicine Societies
- Wei Yuquan Academician, Chinese Academy of Sciences
Vice President and Professor, Sichuan University
- Bruce Hendry Professor, King's College London

Organizers:

Sichuan Provincial Hospital of TCM
Base Office, Department of Science and Technology, State Administration of Traditional Chinese Medicine
West China Hospital, Sichuan University

Panel 12 Innovation and Industry Development of Bio-medicine

Contents:

1. Construction and sharing of Bio-medicine innovation platform;
2. Integration and development of the first, the second and the third industries related to bio-medicine;
3. Breakthrough in key technologies of biological pharmacy;
4. Translational medicine and clinical research.
5. Regulations and monitoring on bio-pharmacy and biological treatment.

Chairmen:

- Chen Kaixian Academician, Chinese Academy of Sciences
Chairman, Shanghai Association for Science and Technology
- Chen Zhinan Academician, Chinese Academy of Engineering
- Wang Junzhi President, National Institutes for Food and Drug Control
- Wei Yuquan Academician, Chinese Academy of Sciences
Vice President and Professor, Sichuan University

Organizers:

Sichuan University
China Society for Drug Regulation
China Biotechnology Development Center
Science and Technology Department of Sichuan Province
Sichuan Provincial Economic and Information Commission
Sichuan Food and Drug Administration

(iii) Symposia

1. Science and Technology Innovation and Entrepreneurship in Big Health Industry of TCM and Bio-medicine

Focusing on promoting big health industry development of TCM and bio-medicine, pioneers, entrepreneurs and delegates from venture companies, universities and institutes, etc. will be invited to carry out innovation and entrepreneurship communication, and matchmaking activities.

Organizers:

Department of S&T for Social Development, Ministry of Science and Technology

2016

第五届中医药现代化国际科技大会

—— 中医药科技创新与大健康产业 ——

2016

THE 5th INTERNATIONAL CONFERENCE ON THE MODERNIZATION OF TRADITIONAL CHINESE MEDICINE

Science and Technology Innovation of Traditional Chinese Medicine and the Big Health Industry

China Biotechnology Development Center
National Science and Technology Industrial Innovation Alliance for the Modernization of Traditional Chinese Medicine
Science and Technology Department of Sichuan Province
Sichuan Provincial Economic and Information Commission
Sichuan Food and Drug Administration
Administration of Traditional Chinese Medicine of Sichuan

2. Announcement & Exhibition of the 20-Year Great Achievements of TCM Modernization and the 13th Five-Year Plan of TCM Science and Technology

- 1. Release on the 20-Year Great Achievements of TCM Modernization
- 2. Release on the Achievements: TCM Going Global
- 3. Release on the 13th Five-Year Plan of TCM Science and Technology

Organizers:

Department of S&T for Social Development, Ministry of Science and Technology
Department of Science and Technology, State Administration of Traditional Chinese Medicine
National Science and Technology Industrial Innovation Alliance for the Modernization of Traditional Chinese Medicine
China Biotechnology Development Center
Science and Technology Department of Sichuan Province
Administration of Traditional Chinese Medicine of Sichuan

3. Cultivation and Development of TCM Forestry Resources

Organizers:

Department of Science and Technology, State Forestry Administration
Chinese Society of Forestry
Forestry Department of Sichuan Province

4. Forum on Sixty-year Development of TCM Higher Education

Organizers:

National CM Higher Education Association
Administration of Traditional Chinese Medicine of Sichuan
Chengdu University of TCM

IV. Agenda

Date	Morning	Afternoon
October 23	Registration	
October 24	Opening Ceremony Plenary Lecture	Panel Meetings Symposia
October 25	Panel Meetings Symposia	Panel Meetings

V. Working Language

Chinese and English are working languages for the Conference; Simultaneous interpretation will be provided in the opening ceremony, plenary lecture and government forum .

VI. Conference Registration

Before July 31, 2016

Domestic Participants: RMB1, 500 per person. Foreign Participants: USD 250 per person.

After July 31, 2016

Domestic Participants: RMB1, 800 per person. Foreign Participants: USD 300 per person.

50% discount for students; 20% discount for group with 20 persons from Domestic Participants or 8 persons from Foreign Participants. (Participants can only enjoy one between the two at the same time).

Registration fees include the following:

attendance of the opening ceremony, the plenary lecture, panel meetings, symposia, free conference materials and lunches (Oct. 24 and Oct. 25).

VII. Solicitation for Papers

Those who want to submit papers, please follow the requirements for Call for Papers (Annex). The manuscripts will be compiled and printed by each panel meeting and the Academic Committee will make an electrical documentation of the papers and print out the abstract for every attendee. Please check the conference official website for more details of the paper requirements.

VIII. Contacts Information of the Organizing Committee

The Organizing Committee has Beijing Office and Sichuan Office.

Beijing Office: China Biotechnology Development Center

Tel: 86-10-88225159 Fax: 86-10-88225200

E-mail: lidx@cncbd.org.cn

Sichuan Office: Science and Technology Department of Sichuan Province

Tel: 86-28-86674945 86710082 Fax: 86-28-86723142

E-mail: kjtsfc@163.com

Annex

Call for Papers

I. Requirements

1. Please send the whole manuscript and the summary of 300-500 words (Summary both in English and Chinese for domestic papers, summary only in English for foreign papers) with Chinese and English titles, writer's name and department(A margin line must be put aside for language revision). Both Chinese and English summary can be written according to the topic background (such as politics, economics and culture background) to convey more information to the readers.
2. The titles, writers' names, institute (full name), location (cities) and post code must be listed on the manuscript. If there are co-writers, please separate the names with a space. Co-writers from different working departments should mark their working department, address, post codes after their own names.
3. If the manuscript is sponsored by national (ministry, department, bureau and natural fund), provincial (sub-ministry and bureau) colleges and universities, please mark the department in charge, project plan, project number, name and responsible person in order.
4. The manuscript should mark detailed introduction to the first author and corresponding author(including name, professional title, research direction, phone number and e-mail address), so that the readers can keep in contact and communicate with the author.
5. The manuscript must have the name, working department, address, post code, phone number and email address of the corresponding person.
6. Deadline: May 15, 2016

II. Contacts Information of the Academic Committee Office and Secretariats of the Panel Meetings:
